Swintt expands game portfolio through strategic investment in games studio RNGplay

Swintt, the recently launched, B2B casino games provider has announced a strategic investment in India based RNGplay.

Based in New Delhi, RNGplay have been developing online casino games for suppliers and tier one operators since their inception.

Commenting on the agreement, Swintt CEO David Flynn said, “The team at RNGplay have huge experience in developing innovative slots and table games for the international iGaming market, many of which have been top performers for their clients. As the iGaming market continues to consolidate, I anticipate many more opportunities for win-win partnerships such as this. “ Flynn continued, “This agreement is the first major step in securing one arm of our strategy to provide clients with quality games built on local knowledge and data, whilst partnering with exclusive suppliers to deliver a unique offering to local markets. I look forward to working with the team at RNGplay helping to position the Swintt Group as a leading B2B content provider in the iGaming market.”

Ravi Prakash, CMO for RNGplay commented, “We are delighted and excited to make this partnership with Swintt. The investment by Swintt not only provides a great platform to showcase our games on a global scale but also adds further capital to increase our speed to market in order to build on our existing clientele. We are looking forward to work with the excellent team at Swintt and participate in their goal to become the leading digital content provider. I am very happy with this achievement and want to congratulate our team as we enter this exciting new phase in our growth.”
